New and improved kibble

# Premium Puppy Chicken

*A complete pet food for puppies and young dogs*

This contains a highly digestible source of protein and it is formulated without wheat or wheat gluten. Not only does this product contain a full complement of vitamins and minerals, but it also contains omega-3 and 6, zinc and biotin to encourage a healthy skin and coat on your puppy. It has added prebiotics which act to promote digestion through the growth of healthy gut bacteria and the product also has the added benefit of containing added glucosamine, MSM and chondroitin sulphate. When combined, these three ingredients will encourage joint repair and mobility in your puppy.
