

# CHICK STARTER MICRO PELLETS

A complete feed for chicks up to 5/6 weeks of age. Micro pellets get the bird used to eating a pellet from the start and are easier to feed out and handle than crumbs. The birds waste less feed and chicks find them easier to see and eat, improving intakes.

With inclusion of Eimericox, a natural and herbal protection. Available as 5kg or 20kg.

# GROWERS PELLETS

A complete feed for growing poultry from 6 weeks to 3 weeks prior to point of lay. Available as 5kg or 20kg.

# DUCK & GOOSE PELLETS

A complete feed for waterfowl containing

**OREGO-STIM™**

100% Natural Oregano Oil, encouraging feed intakes, healthy growth rate and supporting digestive health and nutrient absorption. This feed maintains drier droppings, resulting in cleaner eggs. Suitable for poultry kept with waterfowl.

Available as 5kg or 20kg.
